Re: Addendum No. 3  
Legal Notice No. GD 17-17  
Group Medical and Prescription Insurance

The purpose of this addendum is to provide follow up information to questions asked in Addendum 2. Please find attached:

- Exhibit containing Greater Dayton RTA Large Claims Data summarizing data from Anthem, UHC, and Optum Rx.
- UHC Updated Experience through May 2017
  - Membership by Month
  - Payments by Month

A census with residential zip codes was requested, and RTA responded it would be appropriate to assume that the vast majority of employees reside in Montgomery and contiguous counties. We have verified this is accurate, with the exception of 10 employees residing in the following counties:

<u>Number of Employees</u>	<u>County</u>
4	Hamilton County
1	Kenton County, KY
1	Franklin County
1	Highland County
1	Wayne County, IN
1	Logan County
<u>1</u>	Clinton County
10	

This Addendum No. 3 shall become a part of the scope of work and contract documents and shall be taken into consideration when preparing your proposal; you are hereby notified accordingly.

Sincerely,

*Tamea Wiesman*
