Re: GD 18-01

As Needed Electrical Service for RTA Facilities and Properties.
Addendum No.1

Please be aware of the following information regarding the above mentioned procurement.

On page 7 please change the \$25,000 to read \$250,000 and change the word "foe" to for. Add the following – Actual spending will depend on actual work tasks approved and could vary between years and in total.

Under delivery please change to read: RTA would expect all work to be scheduled within 24 hours of a request, with RTA and the Contractor agreeing on the actual start date of each task. The Contractor to provide RTA within estimated completion date up front for each task. Any work deemed "Emergency Work" due to life safety concerns or other similar safety related situations should be dispatched the same day, with at a minimum some temporary measures undertaken to remove any immediate safety hazards.

This Addendum No.1 shall become a part of the contract document and scope of work and shall be taken into consideration when preparing your bid; you are hereby notified accordingly.

Sincerely,

Joe Swisshelm
