Any information given to a proposer concerning the RFP will be furnished to all prospective proposers as an addendum of the RFP if such information is necessary to proposers in submitting proposals on the RFP or if the lack of such information would be prejudicial to uninformed proposers.

Proposer shall submit, with its Proposal, an affidavit stating that neither Proposer nor its agents, nor any other party on its behalf, has paid or agreed to pay, directly or indirectly, any person, firm, or corporation, any money or valuable consideration for assistance in procuring or attempting to procure the contract that may result from this RFP, and further agrees that no such money or consideration will be hereafter paid. This affidavit must be on the form provided by RTA, which is made a part of this RFP.

### 3.8 *Contract Award*

- A. The RTA reserves the right, as the interests of the Authority may require, to postpone, accept or reject any and all proposals and to waive any informalities in the proposals received, and to award the contract(s) to the best responsive and responsible proposer.
- B. In awarding a contract(s), the RTA reserves the right to consider all elements entering into the determination of the responsibility of the proposer. Any proposal which is incomplete, conditional, obscure, or which contains additions not called for or irregularities of any kind, may be cause for rejection of the proposal.
- C. Contract(s) for the purchase of goods and/or services may be awarded within 90 calendar days from the date upon which proposals were received to the best proposer(s) the RTA deems responsive and responsible.
- D. In the event a single proposal is received, the RTA will conduct a price and/or cost analysis of the proposal. A price analysis is the process of examining and evaluating a price submitted without examining in detail the separate cost elements and the profit included in the cost proposal. It should be recognized that a price analysis through comparison to other similar procurements must be based upon an established or competitive price of the elements used in the comparison. The comparison must be made to a purchase of similar quantity and involving similar specifications. Where a difference exists, a detailed analysis must be made of this difference and costs associated thereto. RTA has the right to enter into a negotiated procurement should only a single proposal be received.
- E. Where it is impossible to obtain a valid price analysis, it may be necessary for the RTA to conduct a cost analysis of the proposal price.
- F. Competent and experienced auditors or price analysts shall make the price and/or cost analysis -- an engineer's estimate or comparison of the prices involved is insufficient.
- G. With respect to actions prior to award of a contract, only the RTA's Chief Financial Officer, Director of Procurement, Purchasing Agents, or Chief Executive Officer have the authority to take action on behalf of the RTA. Only the RTA's Board of Trustees has the authority to award a contract(s) in excess of \$100,000.

3.9 *Sales Taxes*

The RTA is a tax-exempt institution and is free from all state and federal taxes. No such taxes shall be included in the Contractor's charges to the RTA. However, the Contractor may be liable for the payment of sales and use taxes on materials purchased for fulfilling this contract.

3.10 *Personal Property Taxes*

The person making a proposal shall submit to the RTA's Chief Financial Officer, a statement affirmed under oath that the person with whom the contract is to be made was not charged at the time the proposal was submitted with any delinquent personal property taxes on the general list of personal property of any county in which the taxing district has territory or that such person was charged with delinquent personal property taxes on any such tax list, in which case the statement shall also set forth the amount of such due and unpaid delinquent taxes and any due and unpaid penalties and interest thereon. If the statement indicates that the taxpayer was charged with any such taxes, a copy of the statement shall be transmitted by the Chief Financial Officer to the county treasurer within 30 days of the date it is submitted. This affidavit must be on the form provided by RTA, which is made a part of this RFP.

3.11 *Timetable*

Final date for Request for Information and Clarification	<b>OCTOBER 27, 2020</b>
Proposal Due Date	<b>NOVEMBER 10, 2020 at 2 P.M.</b>

3.12 *Project Manager*

The Project Manager for this procurement is **DARON BROWN/JOE GITZINGER**, Greater Dayton Regional Transit Authority (RTA), 600 Longworth Street, Dayton, Ohio 45402.

3.13 *Proposers Conference*

Data or information so identified will be used by RTA solely for the purpose of evaluating proposals and conducting contract negotiations. Disclosure of any proprietary information by RTA shall be in strict accordance with the laws and regulations regarding disclosure in the State of Ohio.

3.16 *Cost of Proposal Preparation*

## **PART I - TERMS AND CONDITIONS**

### **Section 4: Federal Transit Administration (FTA) Required Clauses**

#### *4.0 Required Federal Transit Administration (FTA) Clauses*

The following clauses shall be incorporated into any contract that results from this RFP. These clauses are required by federal, state or local regulations, and are not subject to negotiation.

#### *4.1 No Obligation by Federal Government*

The Purchaser and Contractor acknowledge and agree that, notwithstanding any concurrence by the federal government in or approval of the solicitation or award of the underlying contract, absent the express written consent by the federal government, the federal government is not a party of this contract and shall not be subject to any obligations or liabilities to the Purchaser, Contractor, or any other party (whether or not a party to that contract) pertaining to any matter resulting from the underlying contract.

The Contractor agrees to include the above clause in each subcontract financed in whole or in part with federal assistance provided by FTA. It is further agreed that the clause shall not be modified, except to identify the subcontractor who will be subject to its provisions.

#### *4.2 Program Fraud and False or Fraudulent Statements or Related Acts*

The Contractor acknowledges that the provisions of the Program Fraud Civil Remedies Act of 1986, as amended, 31 U.S.C. §§ 3801 et seq. and U.S. DOT regulations, "Program Fraud Civil Remedies," 49 C.F. R. Part 31, apply to its actions pertaining to this Project. Upon execution of the underlying contract, the Contractor certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, it may make, or causes to be made, pertaining to the underlying contract or the FTA assisted project for which this contract work is being performed. In addition to other penalties that may be applicable, the Contractor further acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986 on the Contractor to the extent the Federal Government deems appropriate.

The Contractor also acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification to the Federal Government under a contract connected with a project that is financed in whole or in part with Federal assistance originally awarded by FTA under the authority of 49 U.S.C. § 5307, the Government reserves the right to impose the penalties of 18 U.S. C. § 1001 and 49 U.S.C. § 5307(n)(1) on the Contractor, to the extent the Federal Government deems appropriate.

The Contractor agrees to include the above two clauses in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the

clauses shall not be modified, except to identify the subcontractor who will be subject to the provisions.

#### 4.3 *Audit and Inspection of Records*

Contractor shall permit the authorized representatives of RTA, its member entities, the Ohio Auditor of State, the U.S. Department of Transportation and the Comptroller General of the United States access to any books, documents, papers and records of the Contractor which are directly pertinent to this contract, for the purpose of making audit, examination, excerpts and transcriptions until the expiration of three (3) years after final payment under this contract.

Contractor further agrees to include in all its subcontracts hereunder, a provision to the effect that the subcontractor agrees that RTA, its member entities, the Auditor of State, the U.S. Department of Transportation and the Comptroller General of the United States or any of their duly authorized representatives shall, until the expiration of three (3) years after final payment under the subcontract, have access to books, documents, papers and records of such subcontractor involving transactions related to the subcontractor for the purpose of making audit, examination, excerpts and transcriptions. The term "subcontract" as used in this clause excludes (1) purchase orders not exceeding \$10,000 and (2) subcontracts or purchase orders for public utility services at rates established for uniform applicability to the general public.

The periods of access and examination described above, for records which relate to (1) appeals under the "Disputes" clause of this contract, (2) litigation of the settlement of claims arising out of the performance of this contract, or (3) costs and expense of this contract as to which exception has been taken by the Comptroller General or any of his duly authorized representatives, shall continue until such appeals, litigation, claims or exceptions have been disposed of.

#### 4.4 *Federal Requirement Changes*

Contractor shall at all times comply with all applicable FTA regulations, policies, procedures and directives, including without limitation those listed directly or by reference in the FTA Master Agreement between Purchaser and FTA, as they may be amended or promulgated from time to time during the term of this contract. Contractor's failure to so comply shall constitute a material breach of this contract.

#### 4.5 *Contract Termination*

##### A. Termination for Default

In the event Contractor defaults in the performance of any of its obligations under this Contract, RTA shall have (in addition to and not in lieu of, all other rights, remedies and damages to which it may be entitled by reason of such default) the right and option to terminate this Contract. In the event RTA exercises such right and option to terminate for default, RTA shall be obligated to pay only for work performed and accepted by RTA prior to the date upon which RTA gives Contractor written notice of termination for default, less 1) the amount of all damages suffered

by RTA by reason of such default and 2) any amount by which the commercially reasonable cost of correcting the default and/or completing the work exceeds the unpaid portion of amount which would have paid hereunder; if the sum of 1) and 2) plus all amounts previously paid exceed the value of the work performed and accepted by RTA prior to the giving of written notice of default, Contractor shall be liable to RTA for such excess.

B. Termination for Convenience

RTA may terminate this Contract at any time at its convenience by giving notice in writing to Contractor, which notice shall state that it is a notice of termination for the convenience of RTA and shall specify the effective date of termination. Contractor shall promptly submit its termination claim, to RTA, and the parties shall negotiate the termination settlement to be paid Contractor. Contractor shall be paid pursuant to the contract for costs and expenses accrued to the date of termination. In such event, amounts previously paid to Contractor shall be credited against any amounts determined to be due to Contractor pursuant to this paragraph. Upon receipt of the notice of termination Contractor shall immediately cancel its outstanding orders for procurement of materials, supplies and other miscellaneous goods.

C. In the event of termination either for default or for the convenience of RTA, Contractor shall account for any property in its possession paid for from funds received from RTA, or property supplied to Contractor by RTA.

4.6 *Title VI, Civil Rights Act of 1964, Compliance*

The Greater Dayton Regional Transit Authority (RTA), in accordance with Title VI of the Civil Rights Act of 1964, as amended, 78 Stat. 252, 42 U.S.C. 2000d et seq. and Title 49, Code of Federal Regulations, Department of Transportation, Subtitle A, Office of the Secretary, Part 21, Nondiscrimination in Federally-Assisted Programs of the Department of Transportation issued pursuant to such Act, hereby notifies all proposers that it will affirmatively ensure that, in any contract entered into pursuant to this advertisement, minority business enterprises will be afforded full opportunity to submit proposals in response to this invitation and will not be discriminated against on the grounds of race, color, creed, sex, age or national origin in consideration for an award.

During the performance of this contract, the contractor, for itself, its assignees and successors in interest (“hereinafter referred to as the “contractor”) agrees as follows:

A. Compliance with Regulations: The contractor shall comply with the Regulations relative to nondiscrimination in federally-assisted programs of the Department of Transportation (hereinafter, “DOT”) Title 49, Code of Federal Regulations, Part 21, as they may be amended from time to time (hereinafter referred to as the Regulations), which are herein incorporated by reference and made a part of this contract.

B. Nondiscrimination: The contractor, with regard to the work performed by it during the contract, shall not discriminate on the grounds of race, color, creed, sex, age or

national origin in the selection and retention of subcontractors, including procurements of materials and leases of equipment. The contractor shall not participate either directly or indirectly in the discrimination prohibited by Section 21.5 of the Regulations, including employment practices when the contract covers a program set forth in Appendix B of the Regulations.

- C. Solicitations for Subcontracts, Including Procurements of Materials and Equipment: In all solicitations either by competitive proposal or negotiation made by the contractor for work to be performed under a subcontract, including procurements of materials or leases of equipment, each potential subcontractor or supplier shall be notified by the contractor of the contractor's obligations under this contract and the Regulations relative to nondiscrimination on the grounds of race, color, creed, sex, age or national origin.
  
- D. Information and Reports: The contractor shall provide all information and reports required by the Regulations or directives issued pursuant thereto, and shall permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the RTA or the Federal Transit Administration (hereinafter "FTA") to be pertinent to ascertain compliance with such Regulations, orders and instructions. Where any information required of a contractor is in the exclusive possession of another who fails or refuses to furnish this information, the contractor shall so certify to the RTA, or the FTA as appropriate, and shall set forth what efforts it has made to obtain the information.
  
- E. Sanctions for Noncompliance: In the event of the contractor's noncompliance with nondiscrimination provisions of this contract, the RTA shall impose contract sanctions as it or the FTA may determine to be appropriate, including, but not limited to:

  - (b) cancellation, termination, or suspension of the contract, in whole or in part.

#### 4.7 *Americans with Disabilities*

The Contractor agrees to comply with and assure that any subcontractor under this Project complies with all applicable requirements of the Americans with Disabilities Act (ADA) of 1990, as amended, 42 U.S.C. - I. FTA regulations, "Transportation for Elderly and Handicapped Persons," 49 C.F.R. Part 609.

#### 4.8 *Nondiscrimination*

During the performance of this contract, Contractor agrees as follows:

Contractor will not discriminate against any employee or applicant for employment because of race, religion, color, creed, sex, sexual orientation, gender identity, disability, age, national origin or retaliation. Contractor will take affirmative action to ensure that applicants are employed, and the employees are treated during the employment without regard to their race, religion, color, creed, disability, sex, sexual orientation, gender identity, age or national origin. Such action shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment advertising; lay-off or termination; rates of pay or other forms of compensation; and selection for training including apprenticeship. Contractor agrees to post in accessible places, available to employees and applicants for employment, notices setting forth the provisions of this nondiscrimination clause. Contractor will, in all solicitations or advertisements for employees placed by or on behalf of Contractor, state that all qualified applicants will receive consideration for employment without regard to race, religion, color, creed, sex, sexual orientation, gender identity, disability, age or national origin.

Contractor will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice advising the said labor union or workers' representative of Contractor's commitments under this section, and shall post copies of the notice in accessible places available to employees and applicants for employment. Contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, as amended and of the rules, regulations and relevant orders of the Secretary of Labor.

Contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, as amended and by rules, regulations and orders of the Secretary of Labor, or pursuant thereto, and will permit access to its books, records and accounts by FTA and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations and orders.

In the event of Contractor's non-compliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations or orders, this contract may be cancelled, terminated or suspended in whole or in part and Contractor may be declared ineligible for further RTA contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, as amended or by rule, regulation or order of the Secretary of Labor, or as otherwise provided by law. Contractor will include the foregoing provisions of this paragraph in every subcontract or purchase order unless exempted by rules, regulations or orders of the Secretary of Labor issued pursuant to Section 204 of Executive Order 11246 of September 24, 1965, as amended so that such provisions will be binding upon each subcontractor or vendor. Contractor will take such action with respect to any subcontract or purchase order as RTA may direct as a means of enforcing such provisions, including sanctions for non-compliance, providing, however, that in the event Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by

RTA, Contractor may request the United States to enter into such litigation to protect the interest of the United States.

#### 4.9 *Contract Assurance (Nondiscrimination)*

The contractor, sub-recipient, or subcontractor shall not discriminate on the bases of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of DOT-assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy, as the recipient deems appropriate.

#### 4.10 *Disadvantaged Business Enterprise Participation*

##### A. Policy

It is the policy of the Department of Transportation (DOT) that DBE's, as defined in 49 CFR, Parts 23 and 26, shall have the maximum opportunity to participate in the performance of contracts financed in whole or in part with federal funds under this Agreement. The Disadvantaged Business requirements of these sections apply to this agreement.

##### B. DBE Obligation

The requirements of 49 CFR Part 26, Regulations of the U.S. Department of Transportation, apply to this contract. It is the policy of the RTA to practice nondiscrimination based on race, color, religion, creed, disability, sex, age or national origin in the award or performance of this contract. All firms qualifying under this solicitation are encouraged to submit bids/proposals. Award of this contract will be conditioned upon satisfying the requirements of this bid/proposal specification. These requirements apply to all bidders/offerors, including those who qualify as a DBE. A DBE contract goal of 0 percent has been established for this contract. The bidder/proposer shall make good faith efforts, as defined in Appendix A, 49 CFR Part 26, to meet the contract goal for DBE participation in the performance of this contract.

The bidder/offeror will be required to submit the following information: (1) the names and addresses of DBE firms that will participate in the contract; (2) a description of the work that each DBE firm will perform; (3) the dollar amount of the participation of each DBE firm participating; (4) written documentation of the bidder/proposer commitment to use a DBE subcontractor whose participation it submits to meet the contract goal; (5) written confirmation from the DBE that it is participating in the contract as provided in the commitment made under (4); and (5) if the contract goal is not met, evidence of good faith efforts.

##### C. Procedure

DBE's are required to be certified prior to submission of bid/proposal under the Federal Unified Certification Program (UCP), by the Ohio Department of Transportation (ODOT) or the City of Dayton's Human Relations Council. Please

note that the City of Dayton's other socio-economic programs are not acceptable. The certification application is available upon request from ODOT at [www.dot.state.oh.us/Divisions/ODI/SDBE/Pages/default.aspx](http://www.dot.state.oh.us/Divisions/ODI/SDBE/Pages/default.aspx), or by calling 614/466-7699. The City of Dayton may be reached at 937/333-1403. The application is to be completed by all DBE firms and submitted to ODOT or the City of Dayton, who will review and approve or disapprove the firm as a DBE.

D. Good Faith

To demonstrate that sufficient reasonable efforts were taken to meet the DBE contract goal, the proposer shall document the steps it has taken to obtain DBE participation including but not limited to the following:

- (a) Whether the contractor/supplier solicited through all reasonable and available means (attendance at pre-proposal meetings, advertising and/or written notices) the interest of all certified DBEs who have the capacity to perform the work of the contract.
- (b) Whether the contractor/supplier solicited this interest within sufficient time to allow the DBEs to respond to the solicitation.
- (c) Whether the contractor/supplier took appropriate steps to follow up initial solicitations.
- (d) Whether the contractor/supplier selected portions of work to be performed by DBEs to increase the likelihood that DBE goals will be achieved (including, when appropriate, dividing contracts into economically feasible units to facilitate participation, even when the prime contractor might otherwise prefer to perform these work items with its own forces).
- (e) Whether the contractor/supplier provided adequate information about plans, specifications, and/or proposer requirements of the contract in a timely manner to assist them in responding to a solicitation.
- (f) Whether the contractor/supplier negotiated in good faith with interested DBEs.
  - 1. It is the proposer's responsibility to make a portion of the work available to DBE subcontractors and suppliers and to select those portions of the work or material needs consistent with the available DBE subcontractors and suppliers, so as to facilitate DBE participation. Evidence of such negotiation includes the names, addresses, and telephone numbers of DBEs that were considered; a description of the information provided regarding the plans and specifications for the work selected for subcontracting; and evidence as to why additional agreements could not be reached for DBEs to perform the work.

2. A proposer using good business judgment would consider a number of factors in negotiating with subcontractors, including DBE subcontractors, and would take a firm's price and capabilities as well as contract goals into consideration. However, the fact that there may be some additional costs involved in finding and using DBEs is not in itself sufficient reason for a proposer's failure to meet the contract DBE goal, as long as such costs are reasonable. Also, the ability or desire of a prime contractor to perform the work of a contract with its own organization does not relieve the proposer of the responsibility to make good faith efforts. Prime contractors are not, however, required to accept higher quotes from DBEs if the price difference is excessive or unreasonable.
3. Whether the contractor/supplier rejected DBEs as being unqualified without sound reasons based on a thorough investigation of their capabilities. The contractor's standing within its industry, membership in specific groups, organizations, or associations and political or social affiliations (for example, union vs. non-union employee status) are not legitimate causes for the rejection or non-solicitation of proposals in the contractor's efforts to meet the project goal.
4. Whether the contractor/supplier made efforts to assist interested DBEs in obtaining bonding, lines of credit, or insurance as required by the recipient or contractor.
5. Whether the contractor/supplier made efforts to assist interested DBEs in obtaining necessary equipment, supplies, materials, or related assistance or services.
6. Whether the contractor/supplier effectively used the services of available contractors' groups; local, state, and federal minority/women business assistance offices; and other organizations as allowed on a case-by-case basis to provide assistance in the recruitment and placement of DBEs.
7. In determining whether a proposer has made good faith efforts, the RTA may take into account the performance of other proposers in meeting the contract. For example, when the apparent successful proposer fails to meet the contract goal, but others meet it, RTA may reasonably raise the question of whether, with additional reasonable efforts, the apparent successful proposer could have met the goal. If the apparent successful proposer fails to meet the goal, but meets or exceeds the average DBE participation obtained by other proposers, the RTA may view this, in conjunction with other factors, as evidence of the apparent successful proposer having made good faith efforts.

E. *DBE Program Definitions, as used in the contract:*

- (a) Disadvantaged Business Enterprise means a *small business concern*:

F. *Disadvantaged Business Enterprise Substitutions*

It is strictly prohibited that a Contractor change the DBE(s) identified in a contract. If proposer(s) submit the names and addresses of DBE firms that will participate in a contract; a description of the work that each DBE will perform, the dollar amount of the participation of each DBE firm, etc., changes cannot be made without prior approval of the DBE Officer. Furthermore, the Contractor may not terminate a subcontract agreement, reduce the scope of work nor decrease the proposed price to the DBE without prior approval of the DBE Officer. Should a Contractor determine that it is necessary to request the substitution of a DBE for reasons such as default on the part of the DBE, poor work performance, etc., the Contractor must request in writing authorization to make a change, prior to subcontracting with other certified DBEs.

Should it be determined that a need exists to request a substitution of a DBE or modify a DBE's contract, the following steps are to be taken:

- (a) The Contractor must notify the DBE Officer in writing of the necessity to reduce, modify or terminate a DBE's contract and, when necessary, propose a substitute firm to fulfill the commitment.  
 This notification should include the rationale for the proposed substitution. Examples of acceptable reasons would be as follows:
  1. A committed DBE was found unable to comply with the contract within the required timeframe.
  2. A DBE was discovered not to be bona fide.
  3. The DBE desires to make significant changes in the contract.
- (b) The request should include the name, address and principal official of any proposed substitute, as well as the dollar value and specification/scope of work of the proposed contract or change order.
- (c) RTA will review and evaluate the submitted documentation and respond to the request as soon as practicable. The RTA retains the right to request additional information or request an interview.

- (d) A change must not be made until approved by RTA. The Contractor will then provide RTA with an executed copy of the DBE contract or change order with signatures of both parties to the agreement, within five (5) days.
- (e) The RTA will not approve additional monies for escalated costs incurred by a Contractor when a substitution is necessary.

#### 4.11 *Substitution of Disadvantaged Subcontractors*

- A. In the event of a DBE Subcontractor's inability to perform, Contractor shall notify RTA immediately of the default. The notice to RTA shall also contain an express of intent to exercise good faith to replace the defaulting DBE with another DBE, if it is possible to do so. Contractor shall contact available DBE referral services and individual DBEs in furtherance of its good faith efforts. If a new DBE is obtained, Contractor shall notify RTA with copies of a new or amended contract and a new certification form. Contractor shall obtain RTA approval to ensure use of a certified DBE as a substitute. RTA reserves the right to disqualify the proposed substitute on grounds other than DBE eligibility.
- B. Upon approval of the proposed substitute, RTA shall notify Contractor of such findings.
- C. The contractor, sub-recipient, or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of DOT-assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy, as the recipient deems appropriate.

#### 4.12 *Incorporation of Federal Transit Administration (FTA) Terms*

The preceding provisions include, in part, certain Standard Terms and Conditions required by DOT, whether or not expressly set forth in the preceding contract provisions. All contractual provisions required by DOT, as set forth in FTA Circular 4220.1F dated November 1, 2008, as amended are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FTA mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this Agreement. The Contractor shall not perform any act, fail to perform any act, or refuse to comply with any Greater Dayton RTA requests which would cause Greater Dayton RTA to be in violation of the FTA terms and conditions.

#### 4.13 *Debarment and Suspension*

The Contractor agrees to comply with U.S. Department of Transportation regulations, "Government Debarment and Suspension (Non-procurement)", 2 CFR Part 1200 and 2 CFR Part 180, and otherwise comply with the requirements of those regulations. This includes the requirement of the proposer to submit the Certification of Primary Contractor Regarding Debarment, Suspension, and Other Responsibility Matter for all projects when

the total aggregate value of the Contract exceeds \$25,000 and to submit a Certification of Lower Tier Participation Regarding Debarment, Suspension and Other Ineligibility and Voluntary Exclusions for each subcontractor which will have a financial interest in this Project which exceeds \$25,000 or will have a critical influence on or a substantive control over the Project.

During the term of the Contract, the Contractor agrees to immediately notify RTA of 1) any potential subcontractor that is subject to this provision and to submit the appropriate certification prior to award of the subcontract; 2) any information that its certification or certification of its subcontractors was erroneous when submitted; and 3) any information that certifications have become erroneous by reason of changed circumstances.

The Contractor shall submit with each request for payment a list of all subcontractors to this contract which have a financial interest in this Project which exceeds \$25,000 or have had a critical influence on or substantive control over the Project and submit evidence that the appropriate certificate has been submitted and that they remain valid.

RTA will not make payment to the Contractor or subcontractor which 1) does not comply with this contract provision or 2) is not in compliance with the above-cited federal requirements.

#### *4.14 Buy America Act*

The Contractor agrees to comply with 49 U.S.C. 5323(j) and 49 C.F.R. part 661, which provides that Federal funds may not be obligated unless all steel, iron, and manufactured products used in FTA funded projects are produced in the United States, unless a waiver has been granted by FTA or the product is subject to a general waiver. General waivers are listed in 49 C.F.R. § 661.7. Separate requirements for rolling stock are set out at 49 U.S.C. 5323(j)(2)(C) and 49 C.F.R. § 661.11.

The bidder or proposer must submit to RTA the appropriate Buy America certification with its bid or proposal. Bids or Proposals that are not accompanied by a completed Buy America certification will be rejected as nonresponsive.

#### *4.15 Disputes*

Any dispute arising under this contract which is not disposed by agreement shall be decided by RTA, which shall reduce its decision to writing and furnish a copy of same to Contractor. RTA's obligation to provide a written decision shall be limited to its providing a written statement setting forth its conclusion; it shall not be required to state its reasoning, although it may choose to do so.

Pending any administrative decision or litigation concerning any dispute arising under this Contract, Contractor shall proceed diligently with the performance with this Contract.

#### *4.16 Lobbying*

During the term of this Contract, the Contractor agrees to comply with the provisions of 31 USC Section 1352, which prohibits the use of federal funds for lobbying by any official

or employee of any federal agency, or member or employee of Congress; and requires the Contractor to disclose any lobbying of any official or employee of any federal agency, or member or employee of Congress in connection with federal assistance. The Contractor agrees to comply with U.S. DOT regulations, "New Restrictions on Lobbying," 49 CFR Part 20 and include these requirements in any subcontract which exceeds \$25,000.

The Contractor and all subcontractors in receipt of contracts exceeding \$25,000 shall submit Standard Form LLL quarterly to RTA. The Contractor shall also submit with each request for payment 1) a list of each contractor and subcontractor that is subject to the Lobbying Certifications, 2) certifications or evidence of certification for all subcontractors, 3) information regarding material changes in the previous certifications or disclosures, and 4) Standard Form LLL or evidence that the form was previously submitted to RTA.

Contractor shall report violations to FTA and to the U.S. EPA Assistant Administrator Energy Conservation.

#### 4.18 *Clean Water Act/Clean Air Act*

Contractor must comply with the requirements of Section 508 of the Clean Water Act as amended, 33 U.S.C. Section 1368, and other appl. req. of the CWA as amended, 33 U.S.C. Sect. 1251 - 1377 and Section 306 of the Clean Air Act as amended, 42 U.S.C. Section 7414, and other applicable provisions of the Clean Air Act, as amended, 42 U.S.C. Sections 7401 thru 7671q., which prohibits the use of facilities included in the Environment Protection Agency (EPA) "List of Violating Facilities." This provision also requires the reporting of any violations to RTA and the EPA.

#### 4.19 *Cargo Preference - Use of United States Flag Vessels*

The Contractor agrees:

- A. To utilize privately owned United States-flag commercial vessels to ship at least 50% of the gross tonnage (computed separately for dry bulk carriers, dry cargo liners, and tankers) involved, whenever shipping any equipment, materials, or commodities pursuant to this contract, to the extent such vessels are available at fair and reasonable rates for United States-flag commercial vessels.
- B. To furnish within 20 days following the date of loading for shipments originating within the United States, or within 30 working days following the date of loading for shipments originating outside the United States, a legible copy of a rated, "on-board" commercial bill-of-lading in English for each shipment of cargo described in the paragraph above, to the RTA (through the prime Contractor) and the Division

- C. To insert the substance of the provisions of this clause in all subcontracts issued pursuant to this contract.

#### 4.20 *Fly America*

#### 4.23 *Intelligent Transportation Systems*

Intelligent transportation system (ITS) property and services must comply with the National ITS Architecture and Standards to the extent required by 23 U.S.C. Section 517(d) and FTA Notice, "FTA National ITS Architecture Policy on Transit Projects," 66 FR 1455 et seq., January 8, 2001, and later published policies or implementing directives FTA may issue. Consequently, third party contracts involving ITS are likely to require provisions to ensure compliance with Federal requirements.

#### 4.24 *Safe Operation of Motor Vehicle*

- A. **Seat Belt Use.** The Contractor is encouraged to adopt and promote on-the-job seat belt use policies and programs for its employees and other personnel that operate company-owned vehicles, company-rented vehicles, or personally operated vehicles. An organizational conflict of interest may involve other situations resulting in fundamentally unfair competitive conditions, (3) Disclosure Requirements. ## Section 5: Required Clauses

### 5.0 *Required Clauses*

#### 5.1 *Affirmative Action Assurance Plan*

All proposers will be required to comply with all Equal Employment Opportunity laws and regulations and file with RTA's DBE Officer, if requested, an Affirmative Action Assurance (AAA) Plan, consistent with RTA's non-discriminatory policy, subject to RTA approval. All proposers must submit with their proposal, an email from the City of Dayton Human Relations Council, stating that they have an approved Affirmative Action Assurance Plan. **For instructions on obtaining the AAA Certification, see PART IV - PROPOSAL SUBMISSION, CITY OF DAYTON AFFIRMATIVE ACTION ASSURANCE CERTIFICATION.**

Failure to furnish the email from the City of Dayton's Human Relations Council may cause for rejection of your proposal.

The proposal of any proposer who, in RTA's judgment, has failed to comply with such laws and regulations, even though their proposal may be the lowest in dollar amount, may be considered non-responsive and may be rejected.

#### 5.2 *Changes*

Any proposed change in this contract shall be submitted to RTA for its prior approval and RTA will make the change by a contract modification.

RTA may, at any time, by a written order and without notice to the sureties, make changes within the general scope of this contract. If any such change causes an increase or decrease in the cost of, or the time required for, the performance of any part of the work under contract, whether changed or not changed by any such order, an equitable adjustment shall be made in the contract price or delivery schedule, or both, and the contract shall be modified in writing accordingly. Any claim by Contractor for adjustment under this clause must be asserted within 30 days from the date of receipt by Contractor of the notification of change provided, however, that RTA, if it decides that the facts justify such action, may receive and act upon any such claim asserted at any time prior to final payment under this contract. Failure to agree to any adjustment shall be a dispute within the meaning of the clause of this contract entitled "Disputes." However, nothing in this clause shall excuse Contractor from proceeding with the contract as changed.

No member of, or delegate to the Congress of the United States shall be admitted to any share or part of this contract or to any benefit arising therefrom.

5.4 *Prohibited Interest*

The proposal of any proposer who, in RTA's judgment, has failed to comply with such laws and regulations, even though their proposal may be the lowest in dollar amount, may be considered non-responsive and may be rejected.

5.5 *Ownership of Documents*

RTA shall be the owner of all plans, scope of work and related documents prepared pursuant to this Contract or provided to contractor by RTA. Any re-use of the plans, scope of work or related documents by RTA for other than the purpose intended by this Contract shall impose no liability on the Contractor.

5.6 *Maintenance of Records*

- (j) Contractor agrees that no subcontract placed under this contract shall provide for payment on a cost plus a percentage-of-cost basis. The total duration of this contract, including the exercise of any options under this clause, shall not exceed 60 months.~~

5.19 *Entire Agreement*

This contract contains the entire agreement between RTA and the Contractor and supersedes all prior negotiations, representations or agreements, either written or oral. Only a written instrument signed by both RTA and the Contractor may amend this contract.

5.20 *Protest Procedures*

A. The RTA will hear and consider a bona fide bid protest regarding its procurement actions in accordance with the following procedures. Due to the significantly limited role of FTA in bid protests, it is anticipated that the majority of all protests will be evaluated and the final decision rendered by RTA. The RTA intends to provide a thorough review of all bona fide bid protests. The RTA's primary concern is the timely procurement of needed capital equipment, supplies or services. It does not intend to allow the filing of bid protests to unnecessarily delay the procurement process.

Parties are encouraged to exhaust all methods described in the bid documents for resolving a procurement issue before filing a formal bid protest with the RTA.

- (a) RTA reserves the right to postpone bid openings/proposal due dates for its own convenience and to reject any and all bids/proposals received.
- (b) Changes to the specifications/Scope of Work, will be made by addendum only and sent to all bidders/proposers of record.
- (c) Prime bidders/proposers may make appointments to discuss the specifications/scope of work; however, this does not relieve proposers/bidders from submitting the written documentation required below.
- (d) Protests may be filed during the pre-award, award or post-award phases of the procurement. Bidders/proposers may protest a bid/proposal award as soon as practical, but not later than five (5) business days following the receipt of proposed recommendation of award or receipt of rejection

notification. All protests must be submitted in writing and be addressed to RTA's Chief Executive Officer.

- (e) The protest shall:
  - Name the protester;
  - Name the solicitation/contract (e.g., GD 17-XX);
  - State the grounds of the protest; and
  - State the relief sought.
  
- (f) The protester shall submit with the protest any and all documents which he/she believes supports the protest. The protester shall state further if it wishes an informal conference in which to discuss the protest with the RTA.
  
- (g) If any information is omitted or incomplete, the RTA will notify the protester in writing and the protester shall be required to provide such information within (3) business days if the protest is to be further considered.
  
- (h) The Chief Executive Officer shall give consideration to all facts and issues involved. The RTA's Director of Procurement shall present all relevant facts and issues to the Chief Executive Officer. The Chief Executive Officer may, at his/her own discretion, form a committee which may include the general counsel and the department or division head who will benefit from the Contract, or any combination thereof.
  
- (i) If an informal conference is requested, the Chief Executive Officer shall give the protester written notice of the place, location and time of the informal conference, which shall be within three (3) business days of such notice. Any information to be considered in the protest decision must be submitted in writing within twenty-four (24) hours after the conference.
  
- (j) The Chief Executive Officer will return a written decision to the protester within ten (10) business days of the receipt of the protest including the submission of additional written information submitted to RTA under these rules as part of the protest process. The written response from the RTA shall address each substantive issue raised in the protest. Such decision is final unless a request for reconsideration is filed.
  
- (k) If the protester is dissatisfied with the initial decision made by RTA, it may request in writing a reconsideration based on data which was not previously known, or because there has been an error of law or regulation. The request shall be delivered to the Chief Executive Officer within three (3) business days of receipt of the initial decision made by the Chief Executive Officer. The request shall state the reason(s) why the decision should be reconsidered and any information to support such a position. The Chief

Executive Officer, in the manner provided above for an initial protest, shall consider and decide the request for reconsideration and shall issue a written decision to the protester within ten (10) business days. The protester will be notified of the decision and all substantive issues will be addressed that were raised in the request for reconsideration. Such a decision is final.

- (l) FTA will only entertain a protest that alleges RTA has failed to have or adhere to a protest procedure. A protest to FTA must be filed in accordance with FTA Circular 4220.1F.
- (m) RTA may only proceed with the procurement, when a protest is pending, when the conditions spelled out in FTA Circular 4220.1F have been met. RTA will not award prior to resolution of a protest, or open bids or proposals prior to resolution of a protest filed before bid opening/proposal due date, except as provided in FTA Circular 4220.1F.
- (n) Potential bidders/proposers will be advised of a pending protest if made before award.
- (o) Should the protester be dissatisfied with the decision rendered by the RTA, and the protest sent to the FTA has not been taken or relief granted thereunder, the protest would have to be taken to the appropriate state or local administrative or judicial authority.
- (p) All protest documents shall be faxed, hand delivered or sent by overnight courier with return receipt requested to the RTA Chief Executive Officer or the protestor and shall be deemed received on date delivered by fax, hand delivery, or overnight courier.
- (q) Potential protesters and other interested parties include all interested bidders/proposers and any subcontractor or supplier with a substantial economic interest in a portion of the IFB/RFP.
- (r) The FTA will be notified of any and all protests received. RTA will keep FTA informed of the status of the project.

**1. Workers Compensation and Employer's Liability Insurance.** Vendor must carry Workers' Compensation Insurance (including occupational disease) in compliance with Workers' Compensation statutes of any applicable jurisdiction in which the Work is to be performed. For the attainment of Workers Compensation in monopolistic states, including Ohio, coverage must be secured through the state fund. If Vendor is a qualified self-insurer in compliance with the laws of the state, this is also acceptable. A certificate of compliance from the appropriate workers' compensation bureau or board must be provided with the certificate of insurance.

Vendor must also carry Employer's Liability Insurance with minimum limits of \$500,000 each accident; \$500,000 for disease (per employee); and \$500,000 for disease (policy limit). This policy must include Ohio "Stop Gap" coverage.

Commercial General Liability Insurance.** Vendor must carry Commercial General Liability Insurance written on ISO form CG 00 01 10 01 (or its equivalent) with limits of \$1,000,000 per occurrence and \$2,000,000 in the aggregate. RTA (including its directors, officers, employees and volunteers) must be named as an additional insured on the CGL for liability arising out of the acts or omissions of the Vendor, including coverage for liability arising out of products and completed operations. The coverage afforded to RTA shall be primary to any other insurance carried by the RTA, and the RTA's coverage shall not contribute to any loss made pursuant to this coverage grant. Commercial General Liability coverage (including RTA's status as additional insured) shall be maintained for at least two years after completion of Contractor's work performed under this contract.

**3. Commercial Auto Liability Insurance.** Vendor shall carry Commercial Automobile Liability Insurance covering all owned, leased and non-owned vehicles used in connection with the work to be performed under this contract, with limits of not less than \$1,000,000 combined single limit per accident for bodily injury and property damage. RTA shall be afforded coverage under this policy for any liability arising out of the acts or omissions of Vendor.

**5. Pollution Liability Insurance.** If the Work under this Contract includes the transportation of hazardous substances (including but not limited to fuel and oil) to, from or about RTA's premises, and/or the disposal of such substances at a waste disposal site, Vendor shall purchase and maintain pollution liability coverage of at least \$1,000,000 per occurrence. This policy shall cover property damage, bodily injury and cleanup/pollution remediation costs caused by a pollution event and otherwise excluded under Vendor's Commercial General Liability or Commercial Automobile Liability policy. RTA shall be afforded protection under this policy as an additional insured, including coverage for claims arising out of Vendor's products and completed operations.

**6. Aircraft/Watercraft Liability Insurance.** If the Vendor is using aircraft or watercraft in performance of the Work under this contract, Vendor shall disclose this to RTA prior to contract

execution. Vendor shall carry aircraft and/or watercraft liability insurance, including coverage for non-owned and hired craft, and RTA shall determine the appropriate limits which must be carried by Vendor.

**7. Fidelity Bond/Crime.** If Vendor or its employees will be on the premises of RTA in connection with performance of the Work under this contract, Vendor shall carry no less than \$100,000 in Third Party Crime Coverage for the benefit of the RTA in the event of theft or other intentional harm to RTA's property by Vendor's employees.

**8. Requirements common to all policies.**

**a.** Vendor shall be solely responsible for reimbursing any deductible amount to the insurer, even if payment is being made on behalf of RTA as an additional insured on Vendor's policy. Any deductibles or self-insured retentions in excess of \$5,000 must be disclosed and approved in writing by RTA.

**b.** Vendor waives all rights of recovery it may otherwise have against RTA (including its directors, officers, employees and volunteers) to the extent these damages are covered by any of Vendor's insurance policies as required in this contract.

**c.** All insurance required hereunder shall be placed with insurers that have a minimum A.M. Best's rating of A-/X and shall be licensed, admitted insurers authorized to do business in the state of Ohio.

**d.** A certificate(s) of insurance showing that Vendor's insurance coverages are in compliance with the insurance requirements set forth below must be completed by the Vendor's insurance agent, broker, or insurance company after the contract has been awarded. All certificates (other than Ohio workers' compensation) shall provide for thirty (30) days written notice to RTA prior to cancellation or non-renewal of any insurance referred to therein. The certificate shall reference RTA's status as an additional insured with primary/noncontributory coverage under both the General Liability and Auto policies.

**e.** Failure of RTA to receive certificate(s) or other evidence of full compliance with these insurance requirements (or failure of RTA to identify and/or object to a deficiency in the certificate(s) that is/are provided by Contractor) shall not be construed as a waiver of Contractor's obligations to maintain such insurance. RTA shall have the right, but not the obligation, to prohibit Contractor from beginning performance under this contract until such certificates or other evidence that insurance has been placed in complete compliance with the above insurance requirements is received and approved by RTA. Contractor shall provide certified copies of all insurance policies required above within ten (10) days of written request from RTA.

**f.** By requiring insurance herein, RTA does not represent that coverage and limits will necessarily be adequate to protect Vendor, and such coverage limits shall not be deemed as a limitation on Vendor's liability under the indemnities granted to RTA.

**g.** Any subcontractors engaged by Contractor to perform the Work shall comply with these insurance and indemnification provisions and shall provide primary/noncontributory coverage to RTA as set forth herein.

#### 5.22 *Assignability*

The terms and provisions of the Contract Documents shall be binding upon RTA and the Contractor and their respective partners, successors, heirs, executors, administrators, assigns and legal representatives. The rights and obligations of the Contractor under the Contract may not be transferred, assigned, sublet, mortgaged, pledged or otherwise disposed of or encumbered in any way. The Contractor may subcontract a portion of its obligations to other firms or parties but only after having obtained the written approval by RTA of the subcontractor, which approval shall not be unreasonably withheld. RTA may assign its rights and obligations under the Contract to any successor to the rights and functions of RTA or to any governmental agency to the extent required by applicable laws and governmental regulations or to the extent RTA deems necessary or advisable under the circumstances.

#### 5.23 *Safety*

The Contractor should be aware that RTA is a constantly operating organization, with activity 24 hours a day, seven days a week.

It is the intention of the RTA to protect RTA employees, customers and property from harm due to Contractor activity, and to reduce RTA's liability exposure limits regarding safety and environmental infractions.

In addition, the RTA expects all contractors and sub-contractors to comply with and abide with any and all applicable regulatory standards.

Some special and unique safety and environmental concerns found at RTA and incumbent upon the contractor and sub-contractor include:

1. RTA is a 24-hour per day operation.
2. Multiple sized vehicles move about the interior and exterior of most buildings, 24 hours per day. Please be advised that set traffic patterns have been established and must be followed.
3. Operators of all equipment are expected to be certified to operate appropriate equipment.
4. Restrictive rules apply to running of engines inside all buildings.
5. Restrictive storm water pollution rules apply.
6. Material Safety Data Sheets must be provided for all materials used. Specific notification is required if a product to be used on the job has been classified as an "Extremely Hazardous Material."
7. Building evacuation procedures.

8. Fire safety and prevention procedures.
9. First aid procedures.
10. Hazardous material safety.

#### 5.24 *Compliance with RTA Security Measures*

All contractors are required to display an identification badge supplied by RTA while on RTA premises. Badges must be worn where they can be seen at all times. This requirement applies to every employee of all contractors and/or subcontractors. All contractors' employees are also required to wear clothing which identifies the company for which they work (i.e., uniform, hard hat, jacket, etc.). Badges must be obtained from the Project Manager and must be returned upon completion of the project. A fee will be charged for any badges that are lost or not returned, and will be deducted from the final project invoice.

#### 5.25 *Trade Secret Notification*

Under Ohio Law, a proposal document may be a public record unless it meets an exception under the Public Records Law. One such exception is for trade secrets. Trade secrets must be treated with confidentiality. However, the proposer must notify the RTA in all of their proposal documents as to which portions of their proposal documents constitute trade secrets and are to be treated as confidential. As proposer, it is your responsibility to mark those parts of the proposal which you wish to have treated as confidential. While this does not assure that these portions of the document will constitute a trade secret and be exempt from public records requests under Ohio Law, in the absence of notice from you to us that those documents are to be treated as trade secrets and to be held confidential, they will be made available to the public upon a public records request unless another exception applies to exempt them from disclosure.

#### 5.26 *Time for Performance*

Time is of the essence in the performance of this contract. The Contractor shall fully perform all of its obligations, including, without limitation, the satisfactory performance of all work to be done, by no later than the delivery or completion date set forth in the Proposal Document. The Contractor and the RTA recognize it will be difficult to compute the RTA's damage resulting from unexcused delays in the performance of the contract, particularly in view of the fact that the RTA is not a profit-making entity. Accordingly, it is agreed that the RTA will have the right to recover liquidated damages for delay in the completion of this contract beyond the date specified and not subject to the contract excusable delays clause to be computed as follows: **\$ 0**. Costs caused by delays or defective construction shall be borne by the party responsible thereafter.

Alternatively, if the delivery or performance is so delayed, the RTA may terminate the contract in whole or in part under the Termination for Cause clause in the contract document and in that event, the Contractor shall be liable for fixed, agreed, liquidated damages accruing until the time the RTA may reasonably obtain delivery or performance of similar supplies or services.

The RTA may cancel the unfilled portion of the contract for default; purchase substitute requirements elsewhere; and recover from the Contractor any increased costs thereby incurred, together with all resulting incidental and consequential damages.

#### 5.27 *Changes in the Work/Change Orders*

Oral changes are not permitted. No change in the contract shall be made unless the RTA gives prior written approval therefore. The Contractor shall be liable for all costs resulting from, and/or for satisfactorily correcting any change in the work not authorized by the RTA in writing.

The Contractor shall submit to the RTA a detailed pricing and schedule proposal for the work to be performed under the change order. The proposal may be accepted by the RTA or may be modified by negotiations between the Contractor and RTA. A change order amendment shall be executed in writing by both parties. Disagreements that cannot be resolved within negotiations shall be resolved in accordance with the contract "Disputes" clause. Regardless of any disputes, the Contractor shall proceed with the work ordered, provided the Contractor has obtained the prior concurrence of RTA.

#### 5.28 *Late Submissions, Modifications, and Withdrawals of Proposals*

Any proposal received at the office designated in the solicitation after the exact time specified for receipt will not be considered.

The exact time (also referred to as official time) is the date and time the proposal is actually received in the RTA's Procurement Department.

The only acceptable evidence to establish the time of receipt at the RTA office is the time/date stamp of the RTA on the proposal wrapper or other documentary evidence of receipt maintained by the RTA.

Proposals may be withdrawn by written or telegraphic request received from proposers prior to the time set for the receipt of proposals. Proposals may be withdrawn in person by a proposer or an authorized representative, if the representative's identity is made known and the representative signs a receipt for the proposal before award.

#### 5.29 *Confidentiality of Proposals*

During the evaluation, negotiation and selection process, evaluation committee members may not disclose any information in regards to the procurement. Except for the identity and background of the successful proposer and the contract price, all information provided by proposers remains confidential after the conclusion of the process, to the extent permitted by law.

The RTA will exempt from disclosure of proprietary information, trade secrets and confidential commercial and financial information submitted in the proposal. Any such proprietary information, trade secrets or confidential commercial or financial information, which the proposer believes should be exempted from disclosure, shall be specifically identified and marked as such. Blanket type identification by designating whole pages or sections as containing proprietary information, trade secrets or confidential commercial or financial information will not assure confidentiality. The specific proprietary information,

trade secrets or confidential commercial and financial information must be clearly identified as such.

### 5.30 *Duty to Inform*

If at any time during the performance of this contract, the Contractor becomes aware of actual or potential problems, fault defect in the project or any nonconformance with any contract document, Federal, State or local law, rule or regulation, the Contractor shall give immediate notice thereof to the RTA's **ameade@greaterdaytonrta.org**.

**PART V – CONTRACT  
(EXAMPLE)**

**GREATER DAYTON REGIONAL TRANSIT AUTHORITY**

**CONTRACT**

Agreement made this \_\_\_\_\_ day of \_\_\_\_\_, 20\_\_\_\_, by and between the Greater Dayton Regional Transit Authority, Dayton, Ohio, a political subdivision organized and existing under and by virtue of the laws of the State of Ohio, hereinafter called "RTA," and \_\_\_\_\_ hereinafter called "Contractor."

The parties hereto, intending to be legally bound, hereby agree as follows:

***ARTICLE I - SCOPE***

The Contractor shall sell, and the RTA shall purchase, the following described goods and/or services:

**PROCUREMENT NAME**

all as more fully described in Legal Notice RFP No. **GD 20-23**.

All goods and/or services to be sold pursuant to this contract shall satisfy completely each and every specification appearing in the specifications and all other requirements which may appear in the Contract Documents.

The Contractor shall furnish all supervision, technical personnel, labor, materials, machinery, tools, equipment and services which may be necessary to perform completely all services, and to deliver and install, if necessary, all goods to be sold pursuant to this Contract, all in strict accordance with the Contract Documents.

***ARTICLE II - CONTRACT***

Contract Documents shall consist of the following:

- A) This Contract
- B) Request for Proposal (Terms and Conditions, Scope of Work and Proposal Requirements)
- C) Signed Copy of Proposal
- D) Addenda Issued

The Contract Documents form the entire contract between the parties hereto, any oral understandings or agreements to the contrary notwithstanding.

**ARTICLE III - TIME FOR PERFORMANCE**

Time is of the essence in the performance of this contract. The Contractor shall fully perform all of his obligations, including without limitation the satisfactory delivery and installation of all goods to be sold, and the satisfactory performance of all work to be done, but not later than \_\_\_\_\_  
\_\_\_\_\_. This article applies even in the event of a union or employee strike, as this is a foreseeable circumstance that can be prevented, mitigated, and expected by the Contractor.

**ARTICLE IV - METHOD OF PAYMENT AND MAXIMUM COMPENSATION**

The maximum aggregate compensation payable by RTA to Contractor shall not exceed \_\_\_\_\_.

The Contractor shall, for the payment of all sums due under this contract, look solely to the monies provided the RTA from tax revenues resulting from duly authorized taxes which shall now or hereafter be levied by the RTA, and from grant contract funds, if any, which may actually be received by the RTA from the federal government under the Urban Mass Transportation Act of 1964, as amended, for the purpose of underwriting, in whole or in part, the RTA's costs pursuant to this contract.

It is expressly understood that the RTA shall be under no obligations whatsoever for any excess costs arising from changes, modifications or extra work orders not specifically approved by the RTA in one or more writings in which the excess cost or costs is specifically set forth.

The RTA will make payment to the Contractor within thirty (30) days after its acceptance of all of the goods and/or services to be sold pursuant to this contract.

**ARTICLE V - TERMINATION OF CONTRACT FOR DEFAULT**

If, through any cause, the Contractor shall fail to perform fully, timely and in proper manner its obligations under this contract, or if the Contractor shall breach any of the covenants, conditions or agreements contained in the contract, the RTA shall thereafter have the right to terminate this contract by giving notice in writing which shall specify the effective date thereof, to the Contractor of such termination. In such event, any goods delivered and/or installed by the Contractor under this contract shall, at the option of the RTA, become the RTA's property and the Contractor shall be entitled to receive just and equitable compensation therefor, not to exceed the amount payable therefor under Article IV hereof. In the event of a termination pursuant to this Article, the RTA may elect instead to remove any goods delivered and/or installed and redeliver the same to the Contractor, all at the Contractor's sole expense, including reasonable charges for any time and/or labor expended by the RTA's employees.

Notwithstanding the above, the Contractor shall not be relieved of any liability to the RTA for damages sustained by the RTA by virtue of any breach of contract or warrants, or of both, by the Contractor for the purpose of setoff and/or recoupment until such time as the exact amount of damages due the RTA from the Contractor is determined.

***ARTICLE VI - TERMINATION FOR CONVENIENCE OF THE RTA***

The RTA may terminate this contract any time by a notice in writing that shall specify the effective date thereof, from the RTA to the Contractor, at least thirty (30) days before the effective date of such termination. In that event, any goods accepted by the RTA prior to the effective date of the termination shall become the RTA's property and the Contractor shall be entitled to receive just and equitable compensation therefor and for any services accepted by the RTA prior to the effective date; provided, nevertheless, that the amount of such compensation shall not, in any event, exceed the amount of the total contract price, as set forth in Article IV, above, properly attributable to the goods and/or services so accepted.

Neither the acceptance, by the RTA, of any goods and/or services; the payment, by the RTA, for any goods and/or services; nor both acceptance and payment, shall be deemed to waive, to compromise, or to affect in any manner the liability of the Contractor for any breach of contract, of warranty, or both of contract and of warranty.

***ARTICLE VII - CONTRACT CHANGES***

Any proposed change in this contract shall be submitted to the RTA for its prior approval, and shall not become effective unless it is contained in a writing signed by the Chief Executive Officer of the RTA.

***ARTICLE VIII - INTEREST OF MEMBERS OF OR DELEGATES TO CONGRESS***

No member of or delegate to the Congress of the United States shall be admitted to any share or part of this contract or to any benefit arising therefrom.

***ARTICLE IX - PROHIBITED INTEREST***

No member, officer or employee of the RTA or of a local public body during his/her tenure or one year thereafter shall have any interest, direct or indirect, in this contract or the proceeds thereof.

***ARTICLE X - EQUAL EMPLOYMENT OPPORTUNITY***

In connection with the execution of this contract, the Contractor shall not discriminate against any employee or applicant for employment because of race, color, religion, creed, sex, sexual orientation, gender identity, disability, age or national origin. The Contractor shall take Affirmative Action to ensure that applicants are employed, and that employees are treated during their employment, without regard to their race, color, religion, creed, sex, sexual orientation, gender identity, disability, age or national origin. Such actions shall include, but not be limited to, the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship.

***ARTICLE XI - DISADVANTAGED BUSINESS ENTERPRISE***

In connection with the performance of this contract, the Contractor will cooperate with the RTA in meeting its commitments and goals with regard to the maximum utilization of disadvantaged

business enterprises and will use its best efforts to ensure that minority, women or other disadvantaged business enterprises shall have the maximum practicable opportunity to compete for subcontract work, if any, and for the supply of materials or services, if any, which may be necessary or desirable for the performance of this contract.

#### ***ARTICLE XII - ASSIGNABILITY***

The terms and provisions of the Contract Documents shall be binding upon RTA and the Contractor and their respective partners, successors, heirs, executors, administrators, assigns and legal representatives. The rights and obligations of the Contractor under the Contract may not be transferred, assigned, sublet, mortgaged, pledged or otherwise disposed of or encumbered in any way. The Contractor may subcontract a portion of its obligations to other firms or parties but only after having obtained the written approval by RTA of the subcontractor, which approval shall not be unreasonably withheld. RTA may assign its rights and obligations under the Contract to any successor to the rights and functions of RTA or to any governmental agency to the extent required by applicable laws and governmental regulations or to the extent RTA deems necessary or advisable under the circumstances.

#### ***ARTICLE XIII - NONDISCRIMINATION***

During the performance of this contract, the Contractor agrees as follows:

(1) The Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, creed, sex, sexual orientation, gender identity, disability, age or national origin. The Contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, religion, color, sex, or national origin. Such action shall include, but not be limited to the following: Employment, upgrading, demotion, or transfer; recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Contractor agrees to post in conspicuous places available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, creed, sex, sexual orientation, gender identity, disability, age or national origin.

(3) The Contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the Contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(4) The Contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(5) The Contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(6) In the event of the Contractor's noncompliance with the non-discrimination clauses of this contract or with any of the said rules, regulations or orders, this contract may be canceled, terminated, or suspended in whole or in part and the Contractor may be declared ineligible for further grantee contracts or Federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order, of the Secretary of Labor, or as otherwise provided by law.

(7) The Contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (7) in every subcontract or purchase order unless exempted by rules, regulations or orders of the Secretary of Labor issued pursuant to Section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The Contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for non-compliance: Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the Contractor may request the United States to enter into such litigation to protect the interests of the United States.

#### ***ARTICLE XIV - AUDIT AND INSPECTION OF RECORDS***

In the event a single proposal is received, the following will be considered part of the contract.

In the case of all negotiated contracts, and contracts for construction, reconstruction, or improvement of facilities and equipment, which entered into under other than competitive proposal procedures, contractor agrees that the grantee, the Comptroller General of the United States, or any of their duly authorized representatives, shall, for the purpose of audit and examination shall be permitted to inspect all work, materials, payrolls, and other data and records with regard to the project, and to audit the books, records, and accounts with regard to the project.
