Re: Addendum No. 1
RFQ
Schedule and Maps Layout and Updates

Please be advised of the following information regarding the above mentioned procurement.

Following is a request for information received and RTA's response:

Q1: What quantity per route schedule do you generally order at a time? DRTA has a total of 24 route schedules but how many and what quantity per route would you generally order? Can we see a sample order?

A1: This is just the layout and design. Printing orders are separate from this contract.

Q2: The file attached shows 4C artwork, do would we convert that to the PMS 361?

A2: Should be PMS 355. Should not have to convert the files.

Q3: Can you let us know of the 24 route schedules how many are 8.5x11 and how many are 11x17?

A3: 11x17- 18 ; 8.5x11-2 ; 8.5x14-2 ; 7x8.5-2

Q4: Can we get the previous bid history on this RFP?

A4: RTA's current vendor is Upward Brand Interactions at a cost of \$110/hr.

Quotes are due no later than 2:00 p.m., June 14, 2019.

This Addendum No. 1 shall become a part of the contract document and specifications and shall be taken into consideration when preparing your bid; you are hereby notified accordingly.

Sincerely,

Ryne Baughn
