Re: Addendum No. 1
RFQ 18-04
Trolley Carbon Inserts

Please be advised of the following information regarding the above mentioned procurement.

Q1: Trolley Support was low bidder in 2016 on this part. Are they the supplier at this time for the carbon inserts now that you are using?

R1: Yes, Trolley Support is our current vendor.

Q2: How many deliveries and order quantities are to be expected for this RFQ?

R2: I feel comfortable stating that we would have three (3) deliveries of equal quantity. Based on the anticipated total order quantity, this would mean three (3) deliveries of 4,500 parts. This is subject to change based on need and/or the amount of value left on the blanket contract.

Quotes are due no later than 2:00 p.m., Tuesday, February 27, 2018.

This Addendum No. 1 shall become a part of the contract document and specifications and shall be taken into consideration when preparing your quote; you are hereby notified accordingly.

Sincerely,

Ryne Baughn
